- Edition of Sep 30, 2025 -

### Greetings

Welcome to Septembers news letter, it's been a pretty quiet month, however there is much going on in the background organising for the coming months which will be busy. We welcomed back some great singers and everyone enjoyed a visit from KL Pony, we have also had some lovely activities including a little bit of baking, arts and crafts and relaxing with some mindful colouring.

We had our friendship dog King doing his weekly visits, what a gentle giant he is.

We can certainly see the weather changing, and the leaves are starting to change and the nights drawing in.

We will be looking forward to our Halloween celebrations, with Pump

## Derek Hodgson

We welcomed back singer Derek Hodgson, he is becoming a firm favourite amongst our residents which his cheeky chappy nature and his lively sessions.

More pictures from the baking, lovely to see the men getting involved. Xx

## Friendship dog

Everyone enjoyed a visit from King, our friendship dog. We are supported by Wag and Company, they are a North East based dog charity that befriend older people in their own homes, care homes or hospitals. Our residents absolutely love this gentle giant coming to visit.

The ladies enjoyed doing button art, the residents made some lovely pictures, we have displayed them in the lounge for all to see.

## KL Pony

We welcomed Hazel from KL Pony for a visit this month, the smiles on our residents faces is always a joy to see. Katy also takes the time with each resident to have a chat and answer all their questions. Such a joy when they visit. Xx

Here we have Marion, Myrna and Mary enjoying the pony and chatting to Katy
